

Parts Manual

Three Wheel Electric Forklift

G35A-189LI | G35A-216LI

Warning

Before using this equipment, first pay attention to the following matters:

- Please read this manual carefully and operate the vehicle safely.
- Do not operate this vehicle without training.
- Please comply with ISO3691 "Safety Specification for Motor Vehicles Industry".
- Please do not modify the repair or change the parameters to adjust the pressure, the loss of the car will be borne by you, and you will lose our warranty commitment.
- overload is strictly prohibited. The load weight and load center shall comply with the requirements of the parameter table in this manual.
- When the vehicle is used for stacking, the center of gravity of the goods must be within two cargo forks. Stacking loose goods is strictly prohibited.
- No human operation is allowed on the fork.
- The power supply should be turned off in time after the operation is completed.

Special warning: the company adheres to the strategy of innovation and sustainable development; Therefore, it is possible to improve the technology of the products. Therefore, we reserve the right to make changes and improvements to any product described in this specification without prior notice.

1、 Drive system
